

A typical day at

XCL

World Academy

World
Academy

What does the typical day at XCL World Academy look like?

A typical day at XCL World Academy is filled with engaging, hands-on, experiential learning, developing students' academic outcomes, nurturing core human values and building real-life skills.

Students are active participants in their own learning and they are inspired to question, experiment and engage with global challenges through inquiry, action and reflection.

Our experienced teachers design environments that are engaging, dynamic, nurturing and rich with creative learning opportunities.

The programme empowers your child to see knowledge as an interconnected whole and encourages them to make practical connections between their studies and the real world.

Nursery Programme
